Children (Under 15 years of age)	✗Do not use.	

### <Precautions for dosage/directions>

- (1) Follow the dosage/directions.
- (2) Take this medicine (film) as follows.

[1] As shown in the picture, peel the aluminum sheet off from the opening, and take out the medicine (film) only. (Do not swallow the aluminum sheet. It may cause an unexpected accident such as esophageal mucosa penetration, etc.)

[2] Place the medicine (film) on the tongue, which will dissolve with saliva.

Aluminum sheet

Medicine (film)

Take out with dry hands

This film is easily soluble in water. Do not handle with wet hands.

- (3) This medicine (film) quickly dissolves in the mouth, but in case it sticks to the throat, flush it down with water. If it feels difficult taking the medicine due to lack of saliva, hold water in the mouth to dissolve and take the medicine.

## Ingredients/contents (in 2 films)

Ingredients/contents
